

How to carefully clean and sanitise your card machine

To sanitise your card machine, use an appropriate alcohol-based cleaner (approx. 70-90% strength isopropyl alcohol) applied to a microfiber cloth. Gently wipe the card machine with the cloth.

DON'T
pour liquid
on the
terminal

DON'T
put hand
sanitiser on
the terminal

DON'T
spray the
terminal
directly

DON'T
scrub the
terminal
